- Takes first steps while holding on

Watch that child near open fires.

Use mats instead of tablecloths.

Keep heaters safely out of reach.

Put lamps in safe places.

Keep electric cords out of reach.

1 to 2 years

- No idea of danger
- Walks and climbs
- Turns knobs and taps
- Imitates

Run cold water into the bath before hot water.

Turn pot handles to back of stove.

Maintain damaged electrical cords.

Wear hats when in the sun.

Store chemicals up and away.

2 to 3 years

- Runs
- Jumps
- Climbs
- Adventurous
- Quick and unpredictable

Let children play in safe places.

Use safety plugs in electric sockets.

Teach children which tap is hot and which tap is cold

Keep children away from flame stoves.

Watch loose clothing near heaters and flames.

3 to 6 years

- Fearless
- Explores with little thought of danger
- Fast
- Smart

Put out fires when finished.

Lighters and matches are not toys - store safely

Stay away from sub-stations.

Store appliances away from children.

Keep children safe from fireworks.

First Aid Actions

Step 1: Remove from source of danger.

Step 2: Cool a burn with cold water for a long time.

Step 3: Protect with clean cloth or plastic wrap.

Fill in the telephone number of emergency services closest to you.

Step 4: Seek advice immediately.
